#### LABORERS TO LET

Major Sedgewick Rice, commandant of the disciplinary barracks at Ft. Leavenworth, writes that there are a number of men discharged from that institution each month who seek labor of some kind. They are willing to take any kind of work and at the current wage paid for such work.

There are a great number of farmers who wish laborers, as well as others who need help in their business, and this may be a good opportunity to secure the right man at the right pay.

The commandant will send to any one who wishes to employ one or more of these men, the record of the men, so that one can determine beforehand what he is that offers to work, nothing will be concealed concerning them which the department has been able to gather, and the enquiry about such men by the military authorities is pretty thorough.

If any wish to investigate this matter, it is only necessary to write to Maj. Sedgewick Rice, Ft. Leavenworth, Kas. and state about the kind of men wanted, and the Major will have some one of them who may fill the bill, make out an application for the position and send to the enquirer, and in addition such information as the department has will be sent.

Employment for discharged men is sought for by the department at their request, and information concerning them is given by their consent.

#### DIFFERENT GRAFT SPECIES

Caruso, the great tenor has a contract for ten performances at the opera house at Buenos Ayres Argentina, for \$7,000 per night, making \$70,000 for a week and a half work. Billy Sunday worked ten weeks for a little more than \$50,000. Sunday's work was a thousand times more benefit to the world than the ten days

of Caruso. How many of those yelling "graft" at Sunday will be yelling "graft" at Caruso, who, at the same rate, had he been engaged for ten weeks would have taken away \$490,000 where Sunday got \$50,000.

#### His Opinion of Your Town

H. H. Stendel, secretary of the Missouri Land and Industrial Association of St. Louis, Mo was in the city Friday of last week. He came up on the morning train from Moberly and walked from the station up town to see the country and the surroundings of the town. Mr. Stendel is an old newspaper man, having worked on the St. Louis Post Dispatch, the old Chronicle and the Republic. He has the eye of a close observer trained by newspaper work and years of work in industrial commission lines that he has followed since. He told the Courier man some facts about Keytesville. He had been in the town less than an hour, meeting the reporter at 8:30 o'clock, but his comprehensive eye told him of the town. He said the merchants here were non-progressive and that the condition of affairs here was "awful". The quoted word is his own word. He said that the business men had no business "get-up" about them. He could see that they did not advertise or go after business. He said

#### KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some Keytesville People Know How to Save It.

Many Keytesville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers.

The following statement leaves no ground for doubt.

Mrs. Z. Conrad, Glasgow, Mo., says: "Last summer my kidneys were giving me a great deal of trouble. I had severe backaches and sharp pains across my loins. I had headache and spells of dizziness, too. I couldn't stoop or get up from a chair without having sharp, shooting pains in my back. I had used Doan's Kidney Pills some years before for kidney trouble and had been benefited. I again took them a few months ago, and they brought me prompt relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Conrad had. Foster-Milburn Co., Props., Buffalo, N. Y.

that the main street of the town was in bad shape and that it was the first town of the size, a county seat, that he had seen in his constant travel over the state that didn't have at least the main street improved. He criticizes the county officials and court for sending to the big stationery houses for stationery and supplies that could be furnished at home and asked what did these firms in St. Louis and other towns contribute to the streets, taxes or welfare of the town or county. A state officer with a vision trained to see things as they are and with no prejudices one way or the other, his statements much as to cause people to look around them. He says that he will combine his views and experiences here in the form of a report or article for the Courier and that it would be sent here within a week from the time of his visit for publication. It will be worth reading as coming from a man who has no axes to grind or noting to sell or buy.

#### Planted Your Gardens?

There is war in Europe and the price of foodstuffs and other things is going to remain high. This is a mighty good year for people to plant available spaces of ground in garden that will produce food. There is plenty of ground in the limits of Keytesville to furnish food for the town a year and if it was attended as some gardens are it would furnish food for the county. There is little excuse for poor people to be so thriftless when a little work would give them food for the season. Hundreds of dollars go for potatoes alone and people could raise enough to supply themselves if they did it. This is mighty good year to bend the back to plough, hoe, rake and plant every available plat of garden that can be marshalled to the force. Remember that times are hard and may get better slowly. Conserve the food and have money to spend on other necessities. This is a mighty good year for gardens. Got yours planted?

#### Baseball This Year

Keytesville is to have a ball team this year as usual. The boys were out for their preliminary Sunday last and tried to shape themselves up for their first game next Sunday at Salisbury. The first game is scheduled for Salisbury and the second is the return game with Salisbury to be played on local ground on the following Sunday. The boys hope to follow out a pretty regular schedule of games this year and round out a good season. The lineup for this season will include the following: Bud Thrash, Jim Lee Thrash, Vernon Thrash, Elbert Anderson, Charles Schell, Shannon Wayland, Ernest Cox, Earl Cash, Ray Lewis, Pow Agee Hurt and William Ehlers.

#### High School Inspector Reports

The state high school inspector was here a month ago to inspect the local high school department. Superintendent Taylor told a reporter Wednesday morning that the inspector reported his findings to the local school and that he found the high school in good shape and approved of it as a first class high school. He was considerably interested in the matter of summer school here and said he probably would be here to see how things were going during the summer. He thought that there was much wasted time in schools now and expected soon to see the time when all the big schools would be in motion six days a week and through the summer as well.

#### New Town Board

The new township board met here Wednesday to organize and get down to business. The new board is composed of A. D. Hurt, John Mitchell and John Moritz.

#### Order of Publication
